INTERESTS

Movies - Cooking - Camping - Hiking
Outdoors - Gaming

Passionate software developer with over 5 years of experience working in a full stack environment. With the success of deploying full-stack web apps in production, I've been able to hone my skills through the iterative process. Along the way I've gained an appreciation for interface design and the value of clean code.

EXPERIENCE

Jun 2022 - Present

Full stack Developer
CAE Healthcare
Montreal, Canada

[Angular] [DotNet]

CAE Healthcare, a leading provider of educational tools through simulation interfaces and learning applications.

Apr 2022 - Jun 2023

Full stack Developer
Presagis
Montreal, Canada

[Angular] [Python]

Presagis provides commercial modeling, simulation and embedded software for the aerospace, defense, security and infrastructure markets.
- Joined the V5D team working mostly on the front-end for the digital twin platform.

Oct 2017 - Mar 2022

Software Developer
Information Engineering Group America (IEG America)
Montreal, Canada

[Angular] [DotNet Core]

IEG America provides a rich customer experience solution suite for airport lounges.
- Leading a small full-stack team, successfully deployed an admin and analytics portal.
- Developed back-end services to compliments the admin portal and other applications and use cases.
- Worked on a e-commerce MVC application offering access to lounges and integrations with lounge operators.

Jan 2013- May 2013
